Malagasy	Excellent	Excellent	Excellent
French	Excellent	Excellent	Excellent
English	Fair	Fair	Fair

8. EMPLOYMENT RECORD:

EMPLOYER POSITION HELD	FROM March 2018 TO NOW Madagascar Catholic University (UCM) Director of the Research Center for Development (CRD)
EMPLOYER POSITION HELD	FROM 2012 TO NOW Economics Department of the DEGS Faculty - University of Antananarivo Lecturer (Permanent Teacher)
EMPLOYER POSITION HELD	FROM AUGUST 2018 TO NOW African Economic Research Consortium (AERC) Head of a researchers team for an AERC research project on “Rethinking Regional Integration”
EMPLOYER POSITION HELD	FROM 2014 TO 2015 Head of a researchers team during an African Economic Research Consortium (AERC) research project on Capital flight and Tax havens

9. CURRIED OUT RESEARCHES :

Now	Paper project on « <i>Modelling Economic Effects of the AfCFTA: Case of Madagascar</i> »
2015	Paper untitled « <i>Why is there Capital Flight from Developing Countries? The Case of Madagascar</i> ». African Development Review, Volume 28, Issue Supplement S1 April/Avril 2016, Pages 22 - 38
2013	Chapter entitled " <i>Impact of the Growing Chinese Foreign Trade on the Economy of Madagascar</i> ," in the book entitled " <i>China's Diplomacy in Eastern and Southern Africa</i> " - The International Political Economy of New Regionalisms Series , edited by Seifudein ADEM and published by Ashgate Publishing Ltd. , Wey Court East , Union Road, Farnham , Surrey, GU9 7PT , England , November 2013

2. ABSTRACT OF A CURRENT RESEARCH PROJECT

Madagascar has integrated four areas of economic integration (SADC, COI, COMESA, IORA) for years, hoping that this policy allows the country to develop its economy. Yet, Madagascar is still one of the least developed and poorest countries in the world. This paradox pushes us to model the effects of regional integration on this economy. To achieve this goal, the project intend to use gravity model. The results of this research would not only assess the effectiveness of this policy, but also draw lessons for the future conduct of the country's economic relationship with the outside world.

3. STATEMENT OF INTEREST

Olivier RAMIANDRISOA, PhD.

Director of the Research Center for Development

Madagascar Catholic University

Ambatoroka – Antananarivo 101

Antananarivo, 19th of october 2018

Dear Organisers,

I am a macroeconomist but I am very interested with the annual E2M2: Ecological and Epidemiological Modeling.

Being accustomed to certain modeling and econometric software, I would always like to deepen and broaden my knowledge. I find that the sharing done throughout the E2M2 training would allow me to achieve this goal.

In addition, I am currently in a collaborative research project with African Economic Research Consortium (AERC). This project aims to model the effects of regional integration on the economy of Madagascar and I am convinced that the E2M2 training will be of great help for me in carrying out such research.

I look forward to your response and thank you for your consideration.

Sincerely

Olivier RAMIANDRISOA, PhD.
